B2B Projects & Client Acquisition

ComForTable Stay — B2B Partner Onboarding | *Field Sales & Lead Generation*

[\[Link\]](#)

- Conducted **feet-on-street market research** to analyze consumer footfall, identifying a 1 Lakh/month revenue opportunity for traditional vendors in the budget sector.
- Executed **cold-outreach and on-ground pitching** to local business owners, successfully negotiating terms to onboard them onto a digital SaaS ecosystem.
- Acted as the **Primary Relationship Manager** for vendors, managing the end-to-end account lifecycle and resolving operational blockers to ensure 100% partner satisfaction.
- Designed a direct-to-sales funnel that **reduced lead response time by 90%**, streamlining the last-mile conversion for high-intent B2B leads.

Sales Performance Architecture | *Pipeline Management & Data-Driven Forecasting*

[\[Link\]](#)

- Analyzed 10K+ transaction records using **Advanced Excel (Pivot Tables, VLOOKUP)** to identify 35% profit variances and optimize regional sales strategies.
- Developed interactive **Executive Dashboards** with dynamic slicers to monitor sales velocity and pipeline health, enabling data-backed revenue forecasting.
- Performed data integrity audits and cleansing to ensure 100% accuracy in **Sales Enablement reporting** and performance tracking.

CatCatchCode — Strategic Growth & Enablement | *Stakeholder Management*

[\[Link\]](#)

- Led community growth through **direct B2B networking** and social media strategy, scaling a digital user base to 100+ active members within one year.
- Designed and presented **Value Propositions and Pitch Decks** to stakeholders, aligning technical product features with market growth objectives.
- Coordinated a cross-functional team of 5 to execute **Sales Enablement strategies**, developing training materials to support platform adoption and user retention.

Experience, Leadership & Achievements

CatCatchCode (Ed-Tech Initiative)

Jul 2025 – Present

Founder & Growth Lead

VIT Bhopal

- Leadership:** Directed a 5-member cross-functional team to build a digital learning ecosystem, scaling the user base to 100+ active members within one year.
- Business Enablement:** Leveraged data analytics to optimize content strategy and user retention, ensuring 100% on-time delivery of technical modules.
- Stakeholder Management:** Acted as the primary point of contact for student partners, translating complex technical feedback into product roadmaps.
