Professional Summary

Dynamic **Computer Science Engineer** and **Ed-Tech Co-Founder** with a proven track record in student advisory, consultative growth, and operational strategy. Expertise in leading high-impact conversations, analyzing user intent, and recommending personalized learning paths to drive career outcomes. Proficient in **pipeline management** and data-driven decision-making, with a unique ability to bridge the gap between technical skills and market-ready portfolios. A high-energy builder committed to startup-speed execution and **growth-oriented business operations**.

Education

Vellore Institute of Technology	June 2026 (Expected)
B.Tech in Computer Science & Engineering	CGPA: 8.44 / 10.0
DAV Public School, Dudhichua	2019–2021
Senior Secondary (Class XII)	CGPA: 9.20 / 10.0
DAV Public School, Surya Vihar	2018–2019
Secondary (Class X)	CGPA: 9.60 / 10.0

Core Competencies

Business Execution: Student Advisory, Career Path Recommendation, **User Intent Analysis**, Pipeline Management
Communication & Growth: Consultative Pitching, Strategic Persuasion, Public Speaking, **Conversion Optimization**
Operations & Strategy: Market Research, Competitor Analysis, CRM Workflow Design, Decision-Making under Pressure
Project Coordination: Agile/Scrum, Milestone Tracking, Resource Allocation, **Stakeholder Management**
Tools & Tech: Advanced Excel (**KPI Dashboards**), Trello, Jira, Python, **n8n Automation**, MERN Stack Literacy
Interpersonal: Problem-Solving Mindset, Team Leadership, **Psychology of Learning**, Ethical Closing

Business Operations & Growth Experience

- CatCatchCode — Ed-Tech Career Platform — Founder & Growth Lead** [\[Link\]](#)
- Directed a career-focused ed-tech initiative, **leading consultations with 100+ learners** to identify skill gaps and recommend personalized learning paths for technical mastery.
 - Analyzed **user behavior and feedback loops** to iterate on module delivery, ensuring 100+ technical modules aligned with real-world startup requirements and industry standards.
 - Managed a cross-functional team to execute high-impact content strategies, achieving **consistent community growth** through insight-driven guidance and structured pipeline management.
- Scholara — Workflow Automation Engine — Operations & Process Design** [\[Link\]](#)
- Architected a state-driven workflow system that **optimized user journeys** by reducing administrative friction, facilitating a seamless transition for Faculty and Student user-tiers.
 - Standardized **advisory documentation** and user guides to ensure smooth platform adoption, acting as the primary bridge between technical capabilities and non-technical end-users.
 - Identified and mitigated operational bottlenecks through rigorous testing and **behavioral analysis**, ensuring 100% adherence to institutional process guidelines.
- Satsang Seva — Digital Preservation Initiative — Operations & Strategic Execution** [\[Link\]](#)
- Engineered a structured, scalable pipeline for the digitization of archival data, managing a **distributed global network** of contributors to meet aggressive delivery targets.
 - Led daily synchronization meetings to **resolve operational blockers**, ensuring consistent quality control and alignment with the overarching project roadmap.
 - Implemented performance-tracking metrics to monitor team output, maintaining high-speed execution for a platform serving a global audience of **200M+ followers**.

Analytical Projects

- Excel Sales Performance Dashboard — Data Analysis & Reporting** [\[Link\]](#)
- Engineered interactive Excel dashboards to monitor conversion KPIs and regional growth trends.
 - Automated behavioral data visualization to reduce manual overhead and enable rapid strategic pivots.
 - Implemented rigorous data validation workflows to ensure 100% accuracy in sales forecasting.
 - Transformed raw transaction data into actionable user personas for targeted student acquisition.

Certifications

- Mastering Communications as a Leader** (LinkedIn Learning) — Jan 2023 [\[Link\]](#)
- Python Essentials** (VIT) — Focus on Data Logic, Backend Fundamentals, and Algorithmic Design [\[Link\]](#)
- Excel Essential Training** (LinkedIn Learning) — Advanced Data Visualization and Reporting [\[Link\]](#)
